

WHAT IS BENZ AND CHANG?

It needs to be explained here that as an artist, I go by the alias “Benz and Chang.” The point of confusion that usually arises is that Benz is a real person and Chang is imaginary. Or maybe that makes it more confusing. If my proposal is accepted, please, in all promotional materials, refer to me as “Benz and Chang” and not Dave Benz. Thank you!

BIO

Benz has been an artist for as long as he can remember. He has a Bachelor of Fine Arts degree from the University of Colorado in Boulder. Among other things, he has created a series of zines, designed a number of paper models which are freely available on the Internet, and created art robots. Creatively, Benz has spent most of the last ten years doing digital photography and writing software which creates art. Recently he returned to more traditional media.
